Profile

Presently, a student studying in Republic Polytechnic with special education needs. Pursuing a course in Digital Design and Development, specialising in **front-end web development** and **UI/UX design**.

Proficient in development tools such as **HTML, CSS, and JavaScript** alongside foundational skills in **Figma** for creating user-centered digital experiences.

Driven to build competency and develop skills ready for the rapidly changing world. Hope to achieve meaningful exposure to industry projects and contribute tangible deliverables to organisational goals.

Key Skills

TECHNICAL SKILLS

- **Full Stack Development**: Proficient in front-end and back-end development, utilising technologies such as **HTML**, **CSS**, **JavaScript**, and frameworks like **React JSX**, **Embedded JavaScript (EJS)** for web development and **React Native** for mobile applications.
- **Mobile App Development**: Ready in designing and developing cross-platform mobile applications, ensuring responsive and user-friendly interfaces.
- **Web Development**: Skilled in creating responsive websites with a focus on **user interface (UI)** and **user experience (UX)** design principles.
- **AI & Machine Learning (year 3 semester 1)**: Knowledge of fundamental AI concepts, data modelling, and the use of machine learning libraries (e.g., TensorFlow) for basic predictive applications.

SOFT SKILLS

- **Analytical & Problem-Solving:** Strong ability to assess requirements needed and design effective digital solutions.
- **Effective Communication & Presentation:** Proficient in articulating technical concepts clearly to both technical and non-technical stakeholders.
- **Team Collaboration:** Experience working in multidisciplinary teams, contributing to project success through collaboration and shared responsibility.

- **User-Centred Mindset:** Attentive to consider user needs and usability when designing and developing digital interfaces.
- **Adaptability & Continuous Learning:** Able to learn new tools and adapt to evolving technologies in the fast-paced digital landscape.
- **Project & Time Management:** Skilled in managing projects from planning to deployment, ensuring timely delivery and quality outcomes.
- **Feedback Receptiveness:** Open to constructive feedback to iteratively improve the quality of work produced.

Education

Republic Polytechnic
Diploma in Digital Design & Development Apr 2023 – Apr 2027

Chua Chu Kang Secondary School
GCE 'O' level 2019- 2022

Projects

Creative Personal portfolio (2025)
Tech stack: HTML, CSS, JavaScript

- Designed and developed a personal website to showcase works done across my diploma journey.
- Implemented a unique gradient, glassmorphism, and python link concept using HTML5, CSS3, and UI design principles.
- Integrated filter buttons, animated logo, interactive elements, navigation arrows to enhance UX experience.
- Detailed write up of each work consisting of its functions, features, building process and technical skills.
- Ensured clean code organisation and version control using Git and GitHub.

Certifications/Courses

LinkedIn Learning

- UX Design: 3 Creating Personas
- UX Foundations: Usability Testing
- Figma Essential Training: The Basics
- Designing Accessible Components In Figma

HackerRank

- Problem Solving (Basic)
- React (Basic)
- Node (Basic)
- Python (Basic)
- SQL (Basic)
- CSS (Basic)
- JavaScript (Basic)

Work Experience (Ad-hoc/Full-time)

Shopee Warehouse, Picker & Packer Oct 2025 - Ongoing
Health Promotion Board, Event staff Feb 2025 - Ongoing
Takagi Ramen, Dishwasher Sep 2025 - Nov 2025
Sheng Siong Supermarket, Student Cashier Dec 2022 - Jan 2023

Leadership Experience

Infocomm Technology (Media Production) Club Mar 2021 - Apr 2022

Executive Leader

- Mentored students in setting up school audio equipments for school events.
- Facilitated photography sessions for club members.
- Proposed new activities to enrich club learning experience.

Volunteer Experience

Overseas Exchange Participant Jan 2025

- Showed Japanese students around the country during their exchange programme and shared about the history of Singapore.

Peer Supporter Participant Sep 2024

- Interacted with fellow students to engage them in the programme.
- Supported group mentor by ensuring activities were completed by students.

Student Facilitator Participant Jun 2024

- Taught basic python to secondary students as part of event.
- Brought them on a campus tour and explained Polytechnic life to them.

Student Volunteer Participant Feb 2024

- Assist primary school students in creating miniature solar car
- Facilitated positive social interactions within their peer circle

Community Service Participant Jun 2023

- Guided elderly on making bags from unwanted shirt as part of upcycling.
